MEMORANDUM FOR: Director of ELINT

George:

25X1 I just wanted you to know that the briefing given by [] of your office yesterday on the Agency's Quality ELINT program was a first-rate job and, as far as I could tell, was well received by all those in attendance.

As you well know from some of the things I have said to you from time to time, there has long been a need to describe in understandable terms what it is that our large investment in ELINT provides us. [] briefing did this exceptionally well.

25X1

More power to you and yours.

H. Knoche
